In our neighborhood of Adelaide and monitor, for several months now I think it's been since April, there have been illegal fireworks being shot off every single night, loud booms, my dog is traumatized, as the Sun starts to go down my dog's anxiety gets worse and he starts clawing to get up on the couch to be next to me she. won't go outside.

I can't sleep, they go until till 1 in the morning. I have called the fire department and of course they have to catch him in the act and all of that however that is not helping our situation out here.

There have been many complaints, and no one is attending to these complaints. As I am writing this the first one went off it is at 6:10 p.m.. So much for disturbing the peace.

I hate to see what it's going to be like closer to 4th of July.

thank you for reading my email I hope that we can come to some kind of a solution to this problem.
