The City of Bakersfield Water Resources Department ("City") desires to enter into an agreement with one or more civil engineering firms ("Consultant") which will provide the City with civil engineering and technical support services in the field of water resources on an "on-call" basis for the Water Resources Department. The term of the agreement(s) shall be from June 28, 2023 to June 30, 2025, unless otherwise modified by amendment.

Please note, Consultant is responsible for compliance with all applicable laws including, but not limited to the Labor Code, Public Contract code, and Government code of the State of California. City makes no representation as to the applicability or inapplicability of any laws regarding contracts, and especially the payment of prevailing wages thereunder. Consultant's fee proposal shall be formatted in accordance with the instructions in the RFP letter. Unless specified otherwise in the request, the fee proposal shall be on a time and materials basis with a not-to-exceed amount. The fee proposal shall include Consultants hourly billing rates and other reimbursable expenses. No "cost of living" or other similar increases of the hourly rates will be allowed during the duration of the project.

Upon City's acceptance of the proposal, a notice to proceed will be issued. If City and Consultant are not able to agree upon the proposal for the project, or should Consultant not be able to complete the project within the timelines needed by City, City will inform Consultant that their proposal is rejected. City will then request a proposal from another on-call consultant.

#### III. PREVAILING WAGE
