Time & Material Rates

A-C Electric Company National Account Rates

Valid From 6/1/2023 - 5/31/2025

<u>Field Services/Construction</u>	<u>Straight-time</u>	<u>Over-time</u>	<u>Double-time</u>
Apprentice/Helper Qualified to assist Journeyman Electricians in the installation of electrical systems and equipment.	115	155	196
Journeyman Electrician Journeyman Electrician with minimum 5 year State Registered Electrical Apprenticeship training or equivalent experience.	151	204	257
Service Electrician Qualified to install, service and troubleshoot electrical distribution systems and equipment, including breaker panels, transformers, lighting, wire and cabling, AC/DC motors and motor controls. Typically comes with a service vehicle.	151	204	257
Electrical/Instrument Technician Qualified to install, loop check, calibrate, service and troubleshoot process control systems and equipment, including PLCs, motor controls, electrical and pneumatic instrumentation, wire, cabling and fiber optics. Typically comes with a service vehicle.	151	204	257
Lineman Qualified to install and maintain high-voltage equipment, electrical distribution systems and pole line. Typically comes with a service vehicle.	172	232	292
Foreman Qualified to supervise, install, service and troubleshoot electrical distribution systems and equipment, when crew sizes reach 3 or more. Typically comes with a service vehicle.	162	219	275
Foreman-Lineman Qualified to supervise, install and maintain high-voltage equipment, electrical distribution systems and pole line, when crew sizes reach 3 or more. Trained to safely operate line & bucket trucks and equipment. Typically comes with a service vehicle.	178	240	303
Automation Specialist Qualified to program, install, start-up, service and troubleshoot complex PLC systems, communication networks, HMI systems, motor controls, process instruments, SCADA and telemetry systems. Typically comes with a service vehicle.	162	219	275
General Foreman Qualified to lead construction activities. Able to coordinate between engineering, on-site construction personnel, and other crafts to ensure project completion in a timely and safe manner. Typically comes with a service vehicle.	183	247	311
Project Manager Qualified to lead construction and procurement and scheduling. Able to coordinate between engineering, construction personnel, and other crafts to ensure project completion in a timely and safe manner. Typically comes with a vehicle.	180	243	306
Project Engineer-Project Coordinator Qualified to assist with electrical design, materials procurement, change order scope & price, project coordination & scheduling.	140	189	238
Project Assistant	90	122	153
Runner Used for delivery of material and equipment.	90	122	153
<u>Design & Engineering</u>	<u>Straight-time</u>	<u>Over-time</u>	<u>Double-time</u>
Electrical Designer Designer with 5 – 15 years experience.	120	162	204
Laser/Scanner Operator Qualified to operate Trimble tool & other equipment designed to create accurate layout of electrical components & used for as-built drawings.	140	189	238
Electrical Engineer State licensed Professional Electrical Engineer. Typically comes with a vehicle.	210	284	357
Application Engineer/Programmer Proficient in the development of HMI, PLC and SQL applications, instrument specification and project design.	160	216	272
Sr. Application Engineer/Systems Developer Qualified to lead the design of complex process control systems and engineering documentation packages. Proficient in the development of HMI and PLC code, can specify instruments and manage other specialists and engineers on large projects.	175	236	298

Straight-time rate applies to first eight (8) hours worked Monday-Friday between the hours of 6:00 a.m. and 3:30 p.m. Over-time rate applies after eight (8) hours up to twelve (12) hours and the first twelve (12) hours worked on Saturday. Double-time applies after twelve (12) hours and all day on Sundays and Holidays. All rates are per man-hour.

Equipment Rates

The following is a partial list of equipment subject to additional charges. Specialized test equipment, tools and vehicles may be subject to an additional charge. Equipment rates may be subject to change based on economic conditions.

<u>Description</u>	<u>Rate</u>	<u>Characteristics</u>
Trip Charge	\$85.00 /Per Vehicle Per Day	Trips less than 50 miles round trip
Trip Charge	\$1.00 /Per Mile	Trips greater than 50 miles round trip
Electrical Service Truck	Included	Trucks are equipped w/ handheld power tools
Automobile/Pick-Up Truck	Included	Includes hand tools
Line Truck	\$100.00/hr	Includes hot line tools
Bucket Truck	\$90.00/hr	Includes hot line tools
Crane	\$100.00/hr	Up to 15 ton hydro crane
Delivery Truck w/ Lift Gate	\$45.00/hr	
Pole Dolly	\$55.00/day	
Trencher	\$300.00/day	
Man Lift	\$300.00/day	
Trailer	\$55.00/day	
Electric/Hydraulic Bender	\$15.00/day	1/2" – 2"
Electric/Hydraulic Bender	\$55.00/day	2 1/2" – 4"
Conduit Threading Machine	\$55.00/day	1/2" – 2"
Conduit Threading Machine	\$80.00/day	2 1/2" – 4"
Job Trailer with Bender & Threader	\$150.00/day	1/2" – 4"
Cable Puller	\$35.00/day	
Inverter (2000W or below)	Included	w/ Service Truck
Laptop Computer/Software	\$20.00/hr	Includes PLC & HMI software, RSLogix 5, 500, 5000, RSLinx, Panelbuilder32, RSView, Wonderware, Modicon, GE, Siemens)
RTD Calibrator	\$20.00/day	
Pressure Calibrator	\$20.00/day	
Dry-Well Calibrator/Hot Box	\$25.00/day	
Hydraulic Pump & Gauges (to 6000psi)	\$20.00/day	
Nitrogen Bottle and Regulator Set	\$20.00/day	
Underground Cable Locator	\$175.00/day	
Hot Work Safety Kit	\$125.00/day	Includes ARC flash PPE
Rosemount Hart 275 Communicator	\$60.00/day	
Temperature Bath 0-100oC	\$60.00/day	
Laser/Virtual Scanner	\$300.00/day	
Cable Test Set (Cat 5, 6)	\$60.00/day	
DeviceNet Diagnostic Meter	\$125.00/day	
Basic Fiber Test Set (Single/Multi-Mode)	\$125.00/day	
Fiber/Cable Network Analyzer	\$255.00/day	
Power Analyzer/Recorder	\$255.00/day
